

Typical assembly of a Power Vented flue for SCA & ST Series units using internal combustion air

Ambi-Rad units for power vented flue (non-room sealed) applications must be fitted with an Inlet Guard.

SCA heaters may be flued vertically using a 90° elbow and Ambi-Rad roof cowl. STseries heaters may be flued horizontally using 90° elbow or may be ordered with side flue outlet spigot as shown.

Extension pipes and fittings are supplied complete with integral silicone sealing rings suitable for power vented flues.

Price List

Flue dia	Heater model	Item	Part No	Price £	Quantity	Total
80mm	SCA45	Wall outlet for powered vented flues	RCHC80	£46.00		
		Roof cowl	RCVC80	£17.00		
		Flue pipe c/w integral sealing rings 1m length	RC801000	£13.00		
		Flue pipe c/w integral sealing rings 0.5m length	RC80500	£9.00		
		Elbow 90°	RC8090	£9.00		
		Elbow 45°	RC8045	£7.50		
		Masterflash roof flashing	7700H	£39.00		
		Air inlet guard	RCIG80	£5.00		

TOTAL

The wall outlet is supplied complete with a galvanised wall sleeve of 94mm dia and requires a suitable wall opening. Outlet is supplied complete with plates, wall plugs and screws. Maximum wall thickness is 550mm

100mm	SCA 75-125 Et STA/B/E 100-150	Wall outlet for power vented flues	RCHC100	£53.00		
		Roof cowl	RCVC100	£18.00		
		Flue pipe c/w integral sealing rings 1m length	RC1001000	£14.00		
		Flue pipe c/w integral sealing rings 0.5m length	RC100500	£10.00		
		Flue pipe c/w integral sealing rings 0.25m length	RC130250	£6.00		
		Elbow 90°	RC10090	£9.00		
		Elbow 45°	RC10045	£7.50		
		Masterflash roof flashing	7700H	£39.00		
Air inlet guard	RCIG100	£8.00				

TOTAL

The wall outlet is supplied complete with a galvanised wall sleeve of 114mm dia and requires a suitable wall opening. Outlet is supplied complete with plates, wall plugs and screws. Maximum wall thickness is 550mm

130mm	SCA 150-300 Et STA/B/E 175-400	Wall outlet for power vented flues	RCHC130	£60.00		
		Roof cowl	RCVC130	£22.00		
		Flue pipe c/w integral sealing rings 1m length	RC1301000	£18.00		
		Flue pipe c/w integral sealing rings 0.5m length	RC130500	£15.00		
		Flue pipe c/w integral sealing rings 0.25m length	RC130250	£7.00		
		Elbow 90°	RC13090	£15.00		
		Elbow 45°	RC13045	£13.00		
		Masterflash roof flashing	7700H-1	£49.00		
Air inlet guard	RCIG130	£11.00				

TOTAL

The wall outlet is supplied complete with a galvanised wall sleeve of 144mm dia and requires a suitable wall opening. Outlet is supplied complete with plates, wall plugs and screws. Maximum wall thickness is 550mm
